

February 27, 2020

Espyr (Employee Assistance Program) is expanding throughout Illinois to join our provider panel as an EAP Provider. Established in 1989, Espyr® is the leading behavioral health company developing innovative solutions for maximizing human and organizational potential. Our solutions cover a continuum of care from chronic and acute health conditions to helping people excel; from restoring well-being to accelerating human performance. We offer assessment, short-term counseling and referral for a wide range of personal and job-related concerns to our clients. Services provided by ESPYR are offered at no cost to eligible individuals. The employer has prepaid this benefit.

The best way to credential with us is by our company viewing your CAQH profile.

Upon reviewing the requirements, if this information is up to date, we will add you to our roster for further credentialing.

ESPYR clinicians should meet the following criteria:

1. Fully licensed as the highest level in your state
2. 3+ years of experience post *full* licensure (ie LPC, LMFT, LCSW, LMHC, Lic Psy, etc.)
3. 2+ years of experience with work related issues and/or EAP companies/panels
4. No board/licensure/malpractice issues within past 5 years
5. Office outside of your home (ESPYR does not permit home-based offices).
6. ***Can routinely offer first appointment within 2-3 business days & can respond to clients within 1 business day.***
7. Short-term solution focused counseling and referring clients with a broad range of behavioral problems including screening for substance abuse issues.

Preferred: Bilingual (English and Spanish) speaking providers

Feel free to explore our website, www.espyr.com for further information and if interested please send your CAQH information with expressed interest to the point of contact for the Provider Relations Department – Shantel Miller directly by email – smiller@espyr.com
